

**1,000,000 U.S. employees  
will miss work today due to stress.**

**How many of them work for you?**

**Every day, stress costs U.S. businesses nearly \$1 billion** due to absenteeism, reduced productivity, employee turnover and medical, insurance and legal fees.

**MHN is here to help.** With a 30-year record of leadership in managed behavioral health and Employee Assistance Programs (EAP), we understand that promoting your employees' well being can also **improve your bottom line.**

We offer **healthy workplace solutions** that enhance the lives of your employees and help increase your profitability. We deliver programs that help you identify and resolve behavioral health and personal issues before they become workplace issues.
